

## Information Sheet Use of cooking equipment

Please register the use of the equipment per email up to 6 weeks before construction begins at:

RheinMain CongressCenter: [veranstaltungstechnik@wicm.de](mailto:veranstaltungstechnik@wicm.de)

Kurhaus Wiesbaden: [kurhaus@wicm.de](mailto:kurhaus@wicm.de)

Jagdschloss Platte: [jagdschloss-platte@wicm.de](mailto:jagdschloss-platte@wicm.de)

Heating and cooking appliances that run on wood, coal, gas, flammable liquids or fuel paste are not permitted.

### Instructions:

- All equipment used for heating + cooking food and drinks shall be placed on a non-flammable base
- The distance of the equipment to flammable objects/walls shall be 1 m minimum in each direction
- A suitable fire extinguisher shall be kept in close proximity to the cooking equipment. The location shall be marked with pictograms
- No ceilings shall be installed above the cooking areas
- The statutory provisions regarding the Food Hygiene Regulation shall be complied with
- The use of deep fat fryers in the halls, salons and rooms of WICM GmbH is not permitted
- A trained member of staff shall be present at the equipment at all times when in operation
- The equipment shall be disconnected from the power supply after the end of the event

Cooking/heating shall be stopped without delay if other exhibitors feel bothered by steam/smells. The use of cooking equipment shall be considered on a case by case basis. In order to prevent the fire alarm system from triggering a false alarm, we kindly ask you to register use of the same with Technical Event Management (Technisches Veranstaltungsmanagement). A decision will then be taken as to whether the fire alarm system has to be deactivated during the designated cooking/heating time. A fire safety officer is then required to compensate deactivating the fire alarm. This will incur additional cost.

Permitted fat fire extinguishers in accordance with DIN-EN 3:

Officially permitted in accordance with DIN-EN 3 for fire classes A and in accordance with DIN V 14406-5 for extinguishing cooking fats and oils.

We will be happy to assist you with any general questions.
